

Final draft overview CPD scoring – NVT Registration Committee

Version: July 2021

The PE Online CPD system for Registered Toxicologists is under development for final implementation in 2024.

Therefore the NVT Registration Committee (RT) will continuously review the below information for improvements and the RT reserves the right to modify and change below mentioned credit points based on the progressive understanding on the development of re-registrations based on feedback and justifications of applicants.

No claims or warranties can be derived from the information below. The applicants are and will remain responsible for a correct description and substantiation of their re-registration dossiers to be provided to the RT for review.

Table 1. Minimum requirement and balance in credits between receiving and sending activities.

Period	Receiving	Sending	Receiving <u>or</u> Sending	Total
Per year	4	4	2	10
Full period of registration	20	20	10	50

Table 2. Continuing Professional Development (CPD) activities ('Receiving')

Activity	Role	Supporting document(s) ^a	Unit	Credit ^b
Conference/seminar	Participant	Programme and/or certificate of participation	Half day	1
Course/workshop				
NVT Annual meeting	Participant	Certificate of participation		
NVT Section meeting				

^a This document should contain the name of the candidate and the dates of the activity

^b For a webinar 0.5 credit point will be given; maximum number of credit points for e.g. SETAC, Eurotox, SOT (usually 3-4 days) is 4 points; maximum number for NVT Annual meeting (2 days) is 3 points

Table 3. Activities to support toxicology as a discipline and/or its role in society ('Sending')

Activity	Role	Supporting document	Unit	Credit ^a
Conference/seminar	Poster presenter	e-mail of acceptance	Contribution	2
Conference/seminar	Oral presenter	e-mail of acceptance	Contribution	2
Course/workshop/webinar	Speaker	Programme	Presentation	2
PET course contributor	Lecturer	Course programme	Presentation	1
PET course coordinator	Coordinator	Course programme	Course	Max 5 [#]
PET board of supervision	Member	Not required	Year	1
Editorial board TCDD	Member	Not required	Year	2
NVT board	Member	Not required	Year	2
NVT section board	Member	Not required	Year	1
Committee of toxicologist-in-training (TiO)	Trainer	Training proposal	Approved training proposal	1
Registration committee	Member	Not required	Year	2
Concilium Toxicologicum	Member	Not required	Year	1
Committee of appeal	Member	Not required	Appeal	1
Local organizing committee annual meeting NVT (2 day-meeting)	Member	Not required	Meeting	3
Local organizing committee toxicology meeting (0.5 day)	Member	Programme	Meeting	1

Local organizing committee toxicology meeting (1 day)	Member	Programme	Meeting	2
Public appearance (e.g. in a community hearing)	Expert	Programme	Meeting	1
Appearance in broadcasting public media	Expert	Content	News item	1
Contribution to written public media	Expert	Content	News item	1
Full research or review paper in a peer-reviewed toxicology journal ^a or contributions about toxicology in other peer-reviewed journals	Author	Abstract in online bibliographic system ^b	1 st author	3
			2 nd or last author	2
			Other author	1
<u>Other contribution</u> (e.g. short communication, position statement, letter to the editor) in a peer-reviewed toxicology journal ^a or contributions about toxicology in other peer-reviewed journals	Author	Abstract in online bibliographic system ^b	All authors	1
Contributions about toxicology in non-peer-reviewed journals (including online platforms)	Author	Contribution	All authors	1
Editorial board of a peer-reviewed toxicology journal ^a	Member	Link to the webpage of the journal	Editor	3
			Associate editor	3
			Member	2
Contribution of toxicological content to newsletter of NVT, EUROTOX (> 1 page)	Author	Contribution	1 st author	1
Reviews in the peer-review process for toxicology journal ^a	Reviewer	Acknowledgement from editorial office	Reviewer	1
Professional reports and other activities	Author	Contribution	1 st author or other author	<i>Candidate to justify</i> ^c

^a According to the most recent JRC Science edition;

^b Google Scholar, Web-of-Science, PubMed, etc.

^c A description of the contribution should be included in portfolio.

The number of credits is applicable for developing a PET course; 3 credit points will be given in case of implementing significant changes in that course, and 2 credit points for the coordination of a full 1-wk course
